Failure by Jackson to successfully repair, replace or refund for defective product shall not cause this remedy to fail of its essential purpose. Jackson shall not be liable for any loss or damage, whether direct, indirect, incidental, special or consequential, arising out of the sale, use or misuse of JACKSON SAFETY® products, or the user's inability to use such products, regardless of the nature of the claim.

JACKSON SAFETY® WARNING

Read this section completely before selecting your JACKSON SAFETY® products. Our products are tested to meet the standards of the American National Standards Institute (ANSI) and other applicable standards. All warning statements, operating instructions and industry standards should be complied with at all times. Please read any and all warning statements attached to or associated with any JACKSON SAFETY® product prior to use. Failure to use only JACKSON SAFETY® designed, produced and tested components, attachments and replacement parts can adversely affect product performance resulting in serious injury. Installing generic parts or components voids all standards compliances, all guarantees and warranties and makes the installer solely liable for the consequences.
